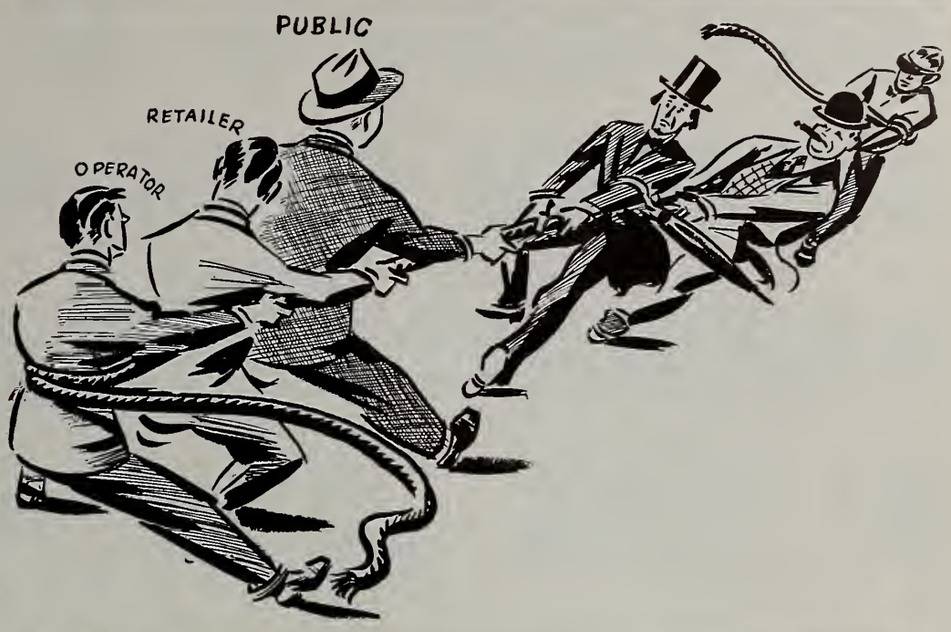
Public Relations



"COINTOONS"

By Bill Gersh

Public relations effort is not completely based on publicity. In this industry there is much public relations effort which can be put forth without the need for publicity campaigns of any special nature.

It is a known fact that the majority of equipment of the industry, on a national basis, is located in retail establishments where wine, beer and liquors are being sold. That being the case one of the first public relations jobs which the members of this business are faced with — is tieing in more closely with the people and the organizations in that field. (Already some coin machine associations and independent coinmen are working in close harmony with the liquor industry in their territories.)

Another public relations job, also of major importance, is that which the average coinman can accomplish on his own accord, or via his servicemen and collectors, with all of his locations. It is thru the location owner that he can reach the general public — and therefore the good public relations he sells the storekeeper — is, in turn, sold by the storekeeper to his customers — and that makes for better understanding all around.

Every operator should make it his business to be certain that his servicemen and collectors are closely cooperating with his location owners. Not only that, but each location should be serviced with the thought in mind that if correctly cultivated and made into boosters for coin operated machines — that they will also make boosters for the equipment of this industry of their customers — the general public.

For years coinmen have always had the expression, "Ah, the storekeeper ain't interested in anything about coin machines except the money he can get out of 'em."

But, in late years, such organizations as AOLAC (Associated Operators of Los Angeles County, Inc.) have proved this is erroneous. They have instead, proved time and time again, that because of the very fact the location owners are interested in the profits which they derive from the coin operated equipment on their premises, they are just as much interested in keeping those machines intact and unmolested. AOLAC work very, very closely with the tavern owners association of Southern California and have worked out a very harmonious understanding which has proved helpful to both organizations.

In addition to working directly with associations of retailers in every community, the average coinman should make it his business to work very closely with his locations. This is most definitely important to him for the future. The coin machine operator realizes that it takes but a fanatical newspaper crusade to put him out of business. To overcome this, the operator must get the facts home to the public so that they better understand him and his business.

The public are today acquainted with coin operated machines of all types. They can be made better acquainted with all the true facts of coin machine operation by the storekeepers in whose places they enjoy the entertainment and merchandising offered by the equipment they favor. Location owners can easily be made boosters of coin machines if the operators will take time out — just the few seconds needed to drop a fact every collection or servicing period to the storekeeper — to help make him a booster.

Each and every month sees some territory hit hard for greater taxation, another being forced to close on certain equipment, still another being pushed into a very desperate position by either newspaper crusades, fanatics, hypocrites, politicos, or what not — who believe the time is ripe for them to smash down on the necks of the men conducting this as a business. To overcome much of this sort of crusading fanaticism, the operator need but educate his retailer — to the point where the merchant will be ready to go to bat for him — and thereby squelch many of the these fanatics who want this nation run only as they believe it should be run.

Therefore, the first part of any public relations work which this industry can undertake, rests entirely on the shoulders of the operators themselves. It is up to them to first make boosters of their location owners — who will, in turn, help make boosters of the players — and get these players of coin operated equipment of all types, whether phonographs, games or merchandisers, to spread the good word further and further into the very heart of the public — that the men in this industry are law abiding, God fearing, good citizens in a business just as clean and upstanding as any other business in the nation.

SECT'Y OF AGRICULTURE TO HOLD OPEN HEARING ON NAT'L BEER SITUATION IN WASH., D. C., JULY 16

Liquor and Beer Assns Already Met in Rochester, N. Y., July 9 to Plan All Arguments for this Hearing

NEW YORK—Of most outstanding interest to all the cointrade at this time is the lack of beer in the nation's locations. This has cut down collections in some parts of the country to an alarming extent. Others, where for sometime the beer shortage was not acutely felt, are now complaining that the beer drought is also affecting their take and that collections have dropped in some cases as much as 30 per cent.

Therefore the announcement by Peter Katavaolos, acting president of the New York State Restaurant and Liquor Dealers Association and first vice-president of the National Tavern Owners Association, that Clinton P. Anderson, Secretary of Agriculture, had agreed to hold an open hearing on the national beer situation in Washington, D. C. on July 16 is of tremendous interest to all concerned with the coin machine business.

Katavaolos stated that after Secretary Anderson's order, three months ago, cutting production of beer 30 per cent to save grain, brewers had changed their formulas so that no needed grains, particularly wheat, were being used in the manufacture of beer.

A few weeks ago, Anthony G. Ferro, of Utica, N. Y., secretary and general manager of the New York Council of Brewery and Soft Drink Workers, an AFL affiliate, applied to Secretary Anderson for this hearing.

Katavaolos believes that Secretary Anderson's order (cutting production of beer 30 per cent) had been based on a "misconception" and that he had succeeded in throwing thousands of brewery workers out of jobs.

A meeting was called at the Seneca Hotel in Rochester, N. Y., July 9, where 100 representatives of such organizations as the Distillers Institute, the Brewers Foundation of America, the Licensed Beverage Industries, the Restaurant and Liquor Dealers Association and the Labor and Beverage Industries Associates met to plan arguments to be presented in Washington before Secretary Anderson on July 16.

The nation's coinmen will eagerly await the results of this hearing for, if favorable, and brewers are once again allowed to bring their beer production up to par, it will mean an immediate halt to the beer drought everywhere in the nation.

Even more important is the fact that coinmen are up against one of the toughest problems of their careers at this time. The average operator realizes that with the sharp increases in machine prices and general overhead costs which are now taking effect that he must obtain a better commission arrangement with his locations. Yet, with the beer shortage hurting the locations as it has been and continues to — the average operator is up against a wall as far as walking into his average spot and asking that the location owner take less money from him.

With the beer situation cured in those areas where it is most acutely felt — the operator will then be able to cut down from 50%-50% commission to 70%-30% commission and perhaps down to 75%-25% as was done in New Jersey this past week. He may also work on the 1% of the installation cost as "front money" each week. He can do one and dozen different things to boost his collections when things are more normal, but he certainly doesn't want to start cutting down on his storekeepers at a time when they are suffering from lack of merchandise and therefore, in some cases, actually losing money.

The entire beer situation will, without any doubt, be well thrashed out in Washington on July 16 (the day after this issue appears) and this will either bring hope or despair for the balance of this summer season to the coin machine industry.

It is up to the men in this trade to effect a more close relationship with such allied industries to assure themselves of continued good business for their locations so that they, in turn, can also be assured of normal collections.

PRICES ZOOM AS COINMEN PONDER BETTER COMMISH BASIS

Many Continue on 50/50 Basis Even as Prices of Machines and Overhead Costs Continue to Rise. Urge Adoption of at Least 70/30 Basis Immediately.

NEW YORK—All that is left, according to discussions with leading ops thruout the nation, for the average territory to go on a 70%-30% or a 75%-25% commission basis with locations is to eliminate the old, old boogeys of non-trust and fear, which seem to have entered into the hearts and minds of certain coinmen and remain there with a stubborness that seems as if it will never be defeated.

Everytime coinmen meet and discuss *The Cash Box* suggestion of immediately entering upon a new and better commission arrangement of at least 70% to the operator and 30% to the location owner, all agree that this is one of the finest things which can happen for the benefit of all the trade.

Yet, few will start the ball to rolling. In certain territories it required actual purchase of routes from coinmen who feared to enter into a new commission agreement with the rest of the operators so that a 75% commission basis could be started.

In New Jersey it required the reorganization of the music machine operators to a point where they, after some months of effort, were able to come together (because most of them were beginning to at last feel it in their pocketbooks) and arrange that by September 1st all music machines would pay no more than 25% commission to locations.

It is hard to understand, some leaders have reported, how operators thruout the nation can afford to continue to ponder this problem with the prices of machines going to new highs and with overhead costs rising at even a more rapid rate daily.

These leaders are of the belief that every operator in the country should not hesitate another minute to place at least the 70%-30% commission basis into operation in his territory. They feel, as does *The Cash Box,* that if for any reason whatsoever the operator may fear that if he does cut his locations down from 50% to 30% and that some other coinman may attempt to grab the spot — that he had, then, best call in everyone of the other ops in his territory, hold a meeting, and reach an agreement on this new commission basis. Otherwise he just won't have to worry about being in the coin machine business anymore — at least not on a profitable basis, anyway.

Where associations have enough power to call together their members and let the majority decide — locations are today paying "front money," or working on a "guarantee," or on one or a dozen different methods to bring the operators more money from their collections so that they will be assured of remaining in business — on a profitable basis — regardless of how high machine prices, overhead and supplies and parts costs as well as labor wages may rise.

Almost every week *The Cash Box* is in receipt of letters or phone calls from various territories where coinmen come together to adopt this 70-30 suggestion which *The Cash Box* first made over four years ago. Now the trade realizes that it simply must change its 50/50 commission arrangement wherever it is still in in existence and work on an entirely new basis so that it can realize profits from its equipment.

The fact that prices have continued to rise each week — and the further fact that manufacturers are now faced with no ceilings for supplies — may mean even further increases in the prices of machines which will stall the production of any new models until all the operators can be sold present type machines, due to the fact that the manufacturer, as well as the jobber and distributor realize that the operator cannot pay for his equipment in even three years time at the present price scale.

Something must be done immediately in those areas where ops have not as yet come together because they believe that their old equipment, still working and completely paid for, will work out well on the present 50/50 basis. They don't seem to realize that the time draws ever closer when new machines will be shot into the market on a heavy volume basis and that this, in itself, is bound to create tremendous confusion unless the operator has changed his commission arrangement.

Furthermore, the time when new machines will again be produced in good quantity, draws closer each day. By the end of this year manufacturers will be rushing new equipment off their production lines, all things being equal, so that the operator, if he stops to ponder again — should only think about the fact that he has less than six months to go before he will be getting all the new machines he wants. And certainly he doesn't intend to operate $800 and $900 machines on a 50/50 basis.

MAINTAIN 5¢ CHUTE BUT SPEED UP PLAY

Ops Suggest Amusement Game Mfrs. Arrange Speedier Play Action as Answer to Need for Greater Take to Offset Higher Machine Prices and Overhead Costs. Also Urge that 70%-30% Commish Basis be Adopted Along with Speedy Play.

NEW YORK — Amusement machine operators thruout the country don't want to be "left out in the cold," as one of them writes *The Cash Box,* when it comes to "arranging for a better commission basis."

The average amusement game op believes that manufacturers should arrange to speed up the play of the machines he is now producing. One of these coinmen suggested, "Manufacturers of bowling games should arrange for only 5 or 6 balls for 5c and the remainder of the 3 or 4 balls for another 5c — if the player desired to continue on and complete his score."

The same in regards to pinball. According to this op, "Pin games can be arranged to play on 3 balls for 5c and then, if the player feels that his score is good enough to continue on for a complete game, he can insert another nickel for the next 2 balls."

What is most interesting is the fact that the amusement game ops do not believe that the 5c coin chute should be removed from their machines. As one of them writes, "We don't like the idea of charging 10c for playing the average amusement game. Maybe a slot or console can get 10c, but a gun or bowling alley or pin game or any other amusement machine in this classification, should only charge 5c.

"After all," he continues," we are not selling any merchandise and we are not wearing out records or needles. We are simply giving the public entertainment. Of course, where we pay off on high scores, then we want as much protection as possible, but, in this case we feel that the player will continue to play the game if he gets a little better than half the the present number of balls in the game.

"In fact," this op believes, "the player will like any game much better where he has only three balls to shoot for his first nickel because he will then know whether it pays him to complete the game to score a winner. Many times players will quit after the third ball and just shoot the other two away so that they can insert another nickel because they realize that there is no use shooting anymore for a score. They are too low — and can't get a winner. By adopting this idea right from the start — right from the manufacturer — we are giving the players just what they want and, at the same time, giving ourselves a chance to cash in from 30% to 40% more profit."

These same ops believe that, "Regardless of the fact that the play will be speeded up to a greater extent we should not continue on the same commission basis as we are at the present time. We can then give the location owner only 30% commission (adopting your idea of 70%-30% commission basis) for the storekeeper will be earning just as much (and maybe even more) on this speeded play at 30% as he would on the present, slow play action at 50% commission."

The arguments for a speedier play have been going on for sometime among amusement machine coinmen. Many of them have wanted to speed play themselves. They realize, of course, that to continue the idea of "pinball" they cannot remove all the balls from the machine and then place it in the "one-ball" category. But, they believe that the average player will play any pin game where he gets 3 balls for 5c to start with, or any bowling alley where he will get 5 or 6 balls for 5c to start with.

"The idea," these men believe, "is all based on the second nickel and the player certainly won't insert this second nickel," they claim, "unless he has a good score worked up with his first coin before he goes on ahead to complete the game for a winning score."

These amusement machine men appeal to the manufacturers for a display or real ingenuity at this time to assure them continuing to earn profits and more rapidly amortizing the higher prices of their equipment.

They point to the fact that pin games are now at the $300 stage. Some claim they will go much higher. But, they state, that even at the $250 price, they cannot continue on the same basis as they did when pin games only cost them $150 and less.

They also point out that their overhead has tremendously increased and therefore they require that the play be speeded up (but that the 5c chute be maintained) so that they have the oportunity of earning from 30% to 40% more profit so that they can pay 30% commission to locations.

RECORD REVIEWS

By Ralph Emmett OF "THE CASH BOX"

"Till The Real Thing Comes Along"
"Rocks In My Bed"
Johnny Moore's Three Blazers
(Aladdin 130)

● Johnny Moore's Three Blazers, who also scored in this session with the Disk O' The Week, have here come up with another piece of wax that should cull heavy coinage. It's the old, but ever-popular "Till The Real Thing Comes Along," and the way the boys interpret it, so softly and gently, should draw plenty of attention from juke customers. They tie it to Duke Ellington's "Rocks In My Bed," a blues novelty, and together the pair are a natural for the Harlem-type locations.

"Tall In The Saddle"
"When It's Sundown In Old San Antonio"
Jesse Rogers
(Sonora 7013)

● Here's a pair of Western ballads that'll go in location where the cowboy still figures as the figure of the natcherall American man. And for that, Jesse Rogers is good. He does "Tall In The Saddle" and "When It's Sundown In Old San Antonio" as tho he meant what he was crooning about. What with his slow, even style and the actful orchestral accompaniment, this disk should draw coin from anybody who likes their music delivered from a guy under a ten gallon hat.

"Down In The Valley"
"Cowboys Lament"
(Streets of Laredo)
Burl Ives
(Decca 23591)

● Burl Ives is this reviewer's idea of the best Western balladeer in the business, and this pair of sides featuring the songs he did in the motion picture "Smoky" should bear us out. Ives, deep voiced, and strumming a mean guitar interprets the melodies in a manner which should place them atop the heap in locations seeking frontier music; because not only is it Ives who scores, but the tunes are terrific, too. The disk should get heavy support by the demand created from those who viewed the film.

"If I Were A Itty Bitty Girl"
Velma Nelson
(Aladdin 139)

● About the most torrid tune on wax today is this thing called "If I Were A Itty Bitty Girl." Some people might say it's *double entendre*. This reviewer won't. Maybe he's just got an evil mind. The song, authored and sung by Velma Nelson (whatever she lacks in talent she makes up for with hot delivery), is about what a gal would do if she were "itty bitty" and with lots of money. She's do plenty—and says so! By all means hear this platter (the song runs two sides), and if you think you have the location for it, it'll net coinage by the hundredweight—unless they ban it first.

DISK O'THE WEEK

★ ★ ★ ★

"You Are My First Love"
Johnny Moore's Three Blazers
(Aladdin 129)

THE THREE BLAZERS

● When the better small musical combos are named, Johnny Moore's Three Blazers will be right up there among the top. If you haven't heard them yet, spin their version of "You Are My First Love," and you'll understand why. They don't use much, just Johnny Moore's guitar, Eddie Williams' bass, and Charley Brown's piano and vocal talents. But the way they put across "You Are My First Love," is in the style of a musical caress. Exactly right for the quieter spots in any town. They play with a soft touch, and Charley Brown's vocal is strictly in a blue mood. What they total up to together is a side that'll make contributing nickels for this disk a location habit. The backing, "Race Track Blues," is a novelty blues done right by the Mooremen. It's a sound side and should do well on its own after "You Are My First Love" is worn down to the core.

"Surrender"
"If You Were The Only Girl"
Bob Chester and his Orchestra
(Sonora 3011)

● One of the pleasanter voices to be heard on wax this week belongs to that of Lou Gardner, Bob Chester's vocalist, who delivers "Surrender" and "If You Were The Only Girl" in neat romantic vein. The ork is outstanding for its interesting arrangements, and the manner in which "Surrender" is offered up should place this version of the tune, already an established juke box hit, into interesting demand. The backing, "If You Were The Only Girl" is an effective romantic ballad, slow and sweet, that can be depended upon to show some action thanks to Lou Gardner's warbling and the Bob Chester crew's orchestral delivery. Peg this one for the hand-holding locations.

"Melancholy Baby"
"I Live But To Love You"
Ginny Simms
(ARA 146)

● Ginny Simms is best when she's delivering something blue and romantic, so this pair of sides are actually tailor made for her singing style. "Melancholy Baby," the ever-popular oldie should take a heavy chunk of change, since Ginny gives it plenty of the old time schmaltz which was meant to go with it. The more reminiscing fans will love her for that. On the backing, she does "I Live But To Love You," another top notch song, in the same vein. So you can flip this disk any way, and it'll pay off. It's the best piece of wax Ginny has cut to date. Special mention goes to the Lou Bring orchestra for the top instrumental support they provide. And it *really* is tops.

"I Woke Up With A Teardrop In My Eyes"
"All The World Is New"
Herb Jeffries
(Decca 23592)

● Herb Jeffries, of whom has been said, "He's Harlem's Frank Sinatra," has here waxed a romantic ballad which should tug at the heartstrings of his many fans. "I Woke Up With A Teardrop In My Eyes" is solidly directed for his heavy, dusky voice, and it should be good for heavy play in any location where he's in demand. (Are there any where he's not?) The backing, "All The World Is New" has all the earmarks of a hit, and serves as a sock reserve side anytime the billed headliner is worn to a whisper. Top musical support is provided by the Dick Shannon Orchestra and the Aleutian Five.

"Margie"
"Rosetta"
Earl Hines Orchestra
(ARA 149)

● Ten years ago in Chicago, this reviewer remembers that Earl (Father) Hines was the laddie whose music kept the younger set wide awake long after their bedtime so they could catch him on his late air spot while he was playing a local saloonery. Earl can still keep 'em awake today. He has the smoothest jive-in-a-gentle-way musical crew to be heard, as well as a delivery style that's different. Catch him on "Margie" and "Rosetta". They're not the tunes that'll put him among jukedom's greatest but they're a hint of things to come. His vocalist, Lord Essex, delivers capably in high strung style, but we'd have preferred somebody else. This disk is worthy of a try for Earl Hines' sake.

EXCLUSIVE TO "THE CASH BOX" RECORD REVIEWS

By DAVE QUIRK
RECORD REVIEW EDITOR OF "THE CASH BOX"

"Dark Eyes"
"'Specially When I'm In A Lovin' Mood"
Jack LaRue and His Quartet
(Aladdin 135)

● Another one of those pleasing small group outfits, a piano, bass, guitar and drums, Jack LaRue and his quartet dust off that old time favorite, "Dark Eyes". With Jimmy Young handling the vocal, the band starts out with a drag tempo, jazz it, and close in a slow beat. "I'm in a Lovin' Mood" will be popular with jazz fans, too, 'cuz besides Jimmy's singing, there are some good guitar and piano inserts. Since combos are gaining more in popularity, both sides are certain to click.

"Tres Palabras"
"La Rueda"
Bobby Ramos and His Orchestra
(Aladdin 505)

● Here are two rumbas which should add up to some mean shoulder shaking by lots of the customers. Of course, they'e always good for background music for dining and wining too. "Tres Palabras" is a Latin-American love song. Bobby Ramos handles the bi-lingual vocal with ease and gives it to us in both Spanish and English so everyone will know what he's singing about. The flipover, "La Rueda," is in a fast tempo and Senor Ramos furnishes only a Spanish vocal this time, but still it's worth a listen or two.

"It's Written All Over Your Face"
"Pittsburgh Joe"
The Velvetones
(Sonora 3010)

● The Velvetones ive a velvet treatment to "It's Written All Over Your Face". They're a quartet with plenty of close harmony and this song is tailor-made to their smooth vocal manner. "Pittsburgh Joe" is definitely in the novelty line, but the lyrics are rather clever and should have good juke box appeal. The Velvetones are a versatile group and this record certainly should boost their reputation.

"All the Time"
"I've Never Forgotten"
Jan Savitt and His Top Hatters
(ARA 147)

● A romantic ballad with an A-1 vocalist supported by a good band is headed right for the top. "All the Time" fills the bill perfectly. Bob D'Andrea's vocal treatment couldn't be improved upon and the Top Hatters provide a much better than average background. The flipover, "I've Never Forgotten," is a pleasing tune with Mr. D'Andrea again supplying a liberal amount of good vocal. This side has more bounce than the other, but not enough to take it out of the ballad class. Both will grab their share in the cash boxes.

SLEEPER OF THE WEEK

"Dingbat the Singing Cat"
Freddy Martin & His Orch.
(Victor 20-1908)

FREDDY MARTIN

● Swell music and cute lyrics make "Dingbat The Singing Cat" a number that is sure to be popular in no time and with the Freddy Martin waxing of it the juke boxes are in for a steady drone of the kiddie tale. It's a catchy novelty the way the Martin men do it both vocally and instrumentally. Stuart Wade, Glenn Hughes and the Martin Men do a nice job with the vocal and when the arrangement calls for it the band steps right in with plenty of sock. The flipover is a good ballad, "Happy Journey," with Wade handling the drippy sentiment in good style. The disk is a double feature, really, and should coin plenty of cash.

"Somewhere In The Night"
"Which Way'd They Go?"
George Olsen and His Orchestra
(Majestic 7196)

● Somewhere In The Night" is a saccharine song suitable for quiet dinner and dancing spots. Ray Adams sings it straight and the Olsen band backs him with some mighty sweet music. "Which Way'd They Go?" is a complete change of pace. It's a novelty which pokes some good natured fun at the Saturday matinee western movies. A vocal ensemble points out that they went that-a-way

"The Cowpunchers' Waltz"
"Boogie Woogie Cowboy"
The Moore Sisters
(Sonora 7019)

● For a romantic cowboy balled with a setting right under those western stars "The Cowpunchers' Waltz" is sure to ring the bell. The three Moore gals combine their vocal talents to present an enjoyable waltz—western style. They even inject some fancy yodeling here and there. Flipped, we find "Boogie Woogie Cowboy." It's slightly corny but still is good for a few laughs. This will probably get a good play if placed where they go for this type of music.

"Bumble Boogie"
"One O'Clock Boogie"
Jimmy Mundy & His Orchestra
(Aladdin 131)

● It's a sure thing that Rimsky-Korsakov never thought his famous "Flight of the Bumble Bee" would turn out like this, but he probably wouldn't be too upset about the whole thing after hearing the Mundy musicians work on it. They really get that bee buzzing furiously with a brilliant piano solo running all through the record. A strong bass is predominant in maintaining the boogie beat but the band gets in some good licks too. Solon and cooperative jump are at the top of the list in "One O'Clock Boogie." Jimmy Mundy's boys set the place rockin' in no time at all in this rendition of a real boogie stomp. Definitely not for those locales insisting on peace and quiet, but every other place should vote this as tops.

"What It Means To Be Blue"
"Texas Tornado"
Tex Russell and His Hollywood Cowboys
(Aladdin 508)

● Some western style jive is served up in "What It Means To Be Blue", Dude Jackson contributes a light blue vocal but it's the instrumental background that's suprising. Perhaps it's that California influence, but whatever it is the Hollywood Cowboys really put a little spirit into this number. The backing, "Texas Tornado," is more of a novelty tune. Jack Lewis tells us in song about a feminine Texas Tornado and the band is behind him all the way. Should go over especially well in the cowboy locations but these bouncey arrangements will widen the appeal so as to make them likely hits in other spots too.

"Caravan"
"Frustration"
Valaida Snow
(Bel-Tone 7008)

● Valaida Snow sings it straight in that old Ellington favorite, "Caravan." Her vocal is almost restrained, but still it carries enough punch to put it across to the cash customers. Raymon Joel Sanns Orchestra supplies the proper dramatic backdrap to this torch tune. The backing, "Frustration," is in a class all by itself. The melody is haunting and repetitious almost to the point of becoming monotonous, and yet there's something about it that makes you want to hear it again. The appeal may not be too spacious, but it will prove itself if given a chance.

BYRDE'S EYEVIEW 'ROUND THE WAX CIRCLE

by Byrde Gore

Exclusive! From certain meetings held this past week in certain midtown New York hotels, Cosmo is expected to release an industry shaking announcement which puts them right among the very top in the business. Two noted record manufacturers with large production facilities are reported ready to turn over plants, stars and all assets to Cosmo. Big Wall Street support for a major stock issue is now being prepared to break in thirty days.

Oliver Sabin, veepee in charge of sales at Musicraft, has returned from an extensive nation-wide tour and reports that by the end of the month Musicraft's national network of distributors will have been completed. What's more, they'll have representation in Cuba, Mexico, Canada and Hawaii. Their "Rumba Rhapsody" by Miguelito Valdes is really hot . . . Dennis Day, singing star of Jack Benny's radio show, has been signed to record exclusively for RCA Victor.

* * *

About the biggest smash in recent weeks—and a surprise to everybody concerned—is "To Each His Own" as done by the Eddy Howard Orchestra on the Majestic label. Lou Suritz, newly appointed national sales manager at Majestic, is readying a campaign directed straight at the nation's juke box ops. But more on this next week.

* * *

Mark Leff, ARA prexy is visiting in New York and reported "having a wonderful time" . . . Earl Bostic, Harlem's sensational alto-saxophonist, composer and maestro, has signed an exclusive two year recording pact with Gotham Records. Earle's "That's The Groovy Thing," picked by Ralph Emmett of **The Cash Box** as a "Disk O' The Week" a couple of full moons ago, is reported doing terrific biz on jukes up Harlem way . . . Herb Jeffries will have a pair of sides released under the Decca label very shortly. Listeners who heard the acetates report that lad's vocals are still something to write home about. His interpretation of "I Left My Heart In Mississippi" keeps growing in national popularity. And it should. That Leon Rene tune is truly terrific..

* * *

Capitol Records got about the heaviest plug possible this past week when no less than Walter Winchell told his sixty million readers: "Capitol disc titled "Riki-Jika-Jack" gives every hint of being a best selling platter." If juke box ops took note of that and followed thru, there's no question but that WW will have been kee-rect.

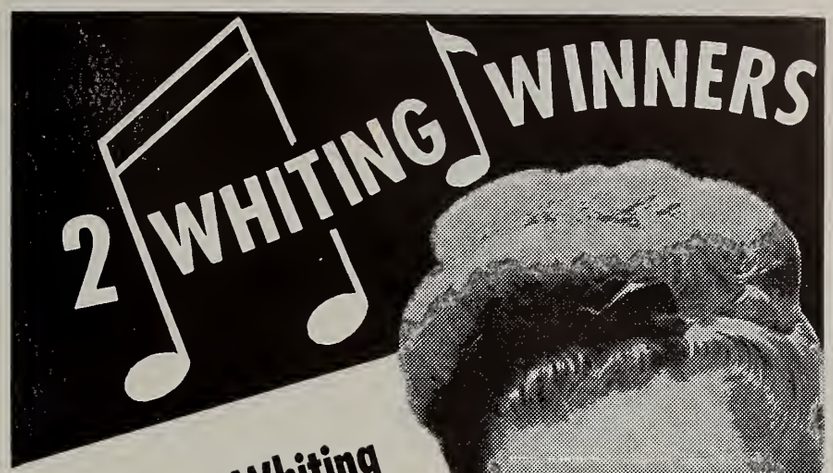
A. B. Green, president of National Records, is gloating these days and for good reason. At the Band Leaders Platter Preview held at Steinway Hall this past June 29, "Atomic Boogie," a National disk waxed by Pete Johnson and his All Stars, copped first place.

* * *

Hy Siegel of Apollo Records is off to the NAMM Convention in Chicago . . . Listen to Burl Ives' (Decca) platter on which he waxed the tunes he did in the motion picture "Smoky". For real Western frontier balladeering, he's tops . . . Teddy Walters is a vocalist to watch.



Margaret Whiting sings

'ALONG WITH ME'

From the Musical Revue "Call Me Mister"

With Jerry Gray and His Orchestra

Margaret Whiting's velvet voice adds charm to a big hit song from a New York show. You'll say it's her greatest to date!

Now starred on two big radio shows, Margaret Whiting is skyrocketing to new heights in popularity!

PHONO OPS SEEK NEW "GYPSY"

NEW YORK — With jukedom's current topper "The Gypsy" having reached its peak play, and with reports from ops thruout the nation indicating that the tune is beginning a fast tailspin to oblivion, music coinmen are eyeing the field for a worthy successor that'll actually *draw* heavy action to equipment. "The Gypsy" did do that.

Word from Tin Pan Alley would have jukemen believe that every publisher in town has got a string that would blank the records set by the "Gyp." If one listened to the pluggers, and if there were enough ready cash to back what they said, one could make a lush piece of cash just making book on their claims.

Actually, however, few tunes have arrived recently which carries the power to ring as many bells as did "The Gypsy," which, at the height of its popularity, networked the nation in the No. 1 money-making slot in just about every location where it was placed.

There are new tunes today, currently filling the No. 1 position, but what is doing great in New York is still to get action in Norfolk. Just about every city has its own favorite, and there's little unanimity of opinion.

Out Chicago way music ops are heralding the claim that Eddy Howard's "To Each His Own" will be the next national juke box sensation. They point to the tune's sensational rise in their city, and in lots of other cities networking out from there. Maybe so. Chicago ops like Eddy Howard. At least they've taken him to heart. That's a big headstart toward making a juke box figure out of a guy, who might otherwise be left as just another ork leader.

Another few weeks will tell. Meanwhile, it's "Wanted: One Gypsy — Or A Close Facsimile Thereof."

"Doin' What Comes Natur'lly" Picked To Be Featured In August By Cleveland Phonograph Merchants Association

Juke Box Men to Attend NAMM Convention

CHICAGO — Juke box men from all over the nation started gathering here this past week to be ready for the opening of the first convention of the National Association of Music Merchants, Monday morning July 15 thru to July 18, in five years.

A great many record distributors, directly connected with the juke box industry, will be present. Some of the leading record manufacturers have arranged complete suites and have asked that their juke box record distributors gather with them for a meeting while the show is on. Distribs will also be seen at the booths of the record manufacturers they represent to greet the juke box operators who will be present. The record manufacturers who called in their distributors have asked that they be present to discuss business with members of the juke box industry.

Most interesting to all the juke box trade is to see and hear what the record manufacturers will have to offer at this show. As is well known thruout the coin machine industry a great majority of the leading juke box operators also have record stores. Some of these are the most outstanding in their communities. These men, especially, are interested in the show for they intend to purchase much more than just records. One noted southern juke box operator who has one of the finest record stores in the nation reported that he intends to do a great deal of buying at the NAMM show.

The exhibit hall will open early and most of the juke box men who have already gathered here to attend this meet state that this will be their first port of call. Many plan to take on lines of radios, radio-phono combinations, portables, needles, etc., etc., and believe that by all the music manufacturers gathering together in this fashion that they will be able to complete their business in jig time.

Rooms have been extremely hard to obtain. Some coinmen have had to move to the outskirts of the city where the smaller, residential-type hotels have been able to accommodate them. Some men have even gone up to Milwaukee where they are stopping at the Hotel Schroeder and various other hotels and will make the hour's ride into town early in the morning and give themselves an hour to get back.

A large force of distributors will be located at the Bismarck Hotel on Randolph Street. These are juke box men who have always made this hotel their meeting spot. Others will be at the Sherman and the Morrison Hotels in the Loop. Some of the lucky ones have been able to get right into the Palmer House where the show is being held and will thereby have the opportunity of playing host

A grand good time is being promised all who will attend. Not only will there be a great many private banquets by some of the manufacturers but, as one record maker stated, "We are using this NAMM show as the opportunity for calling together everyone of our distributors from all over the country and we will hold very interesting meetings with them in our suite."

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1 MEANS PRICE WENT UP.

2 MEANS PRICE WENT DOWN.

3 MEANS MACHINE JUST ADDED TO LIST.

4 MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.

5 MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6 MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.

7 MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.

XX MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

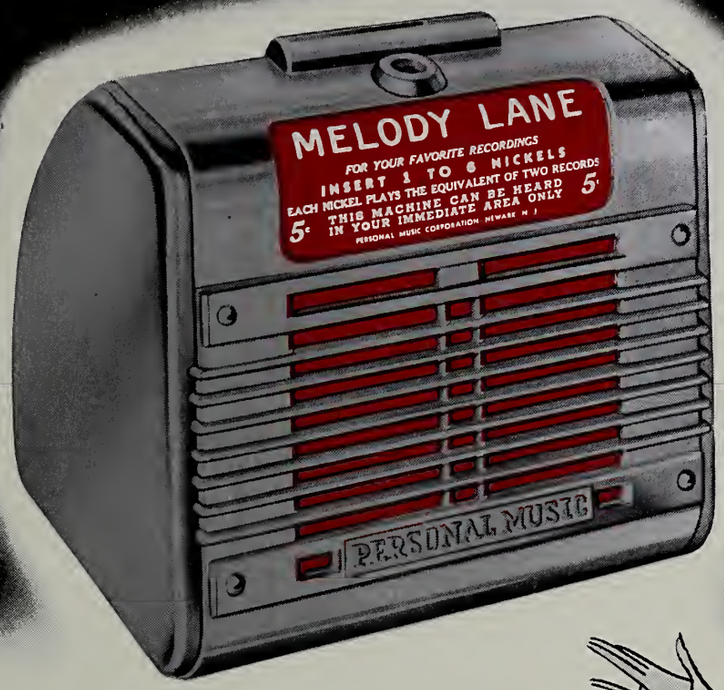
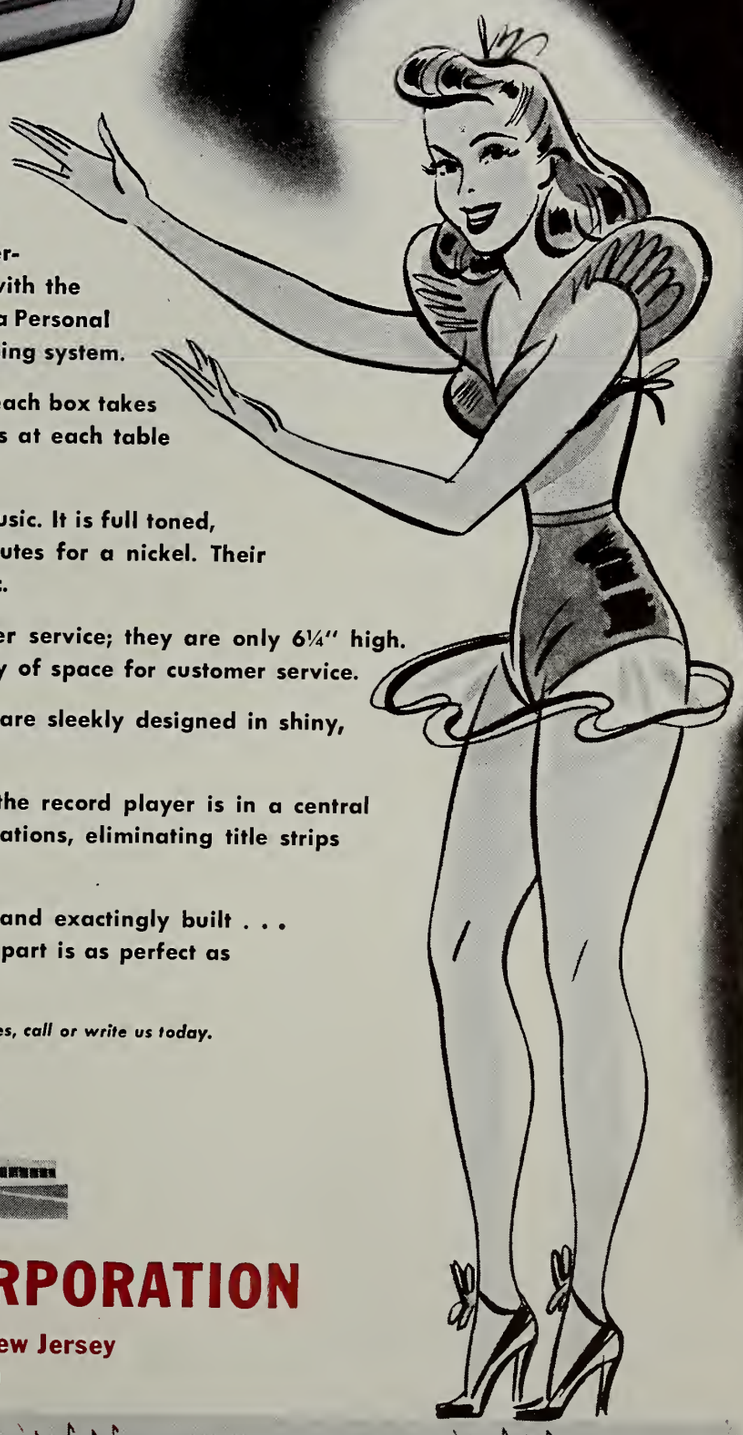
Personal Music Gives You a New One

Meet Melody Lane





It's the newest member of the famous *Personal Music* family. This baby is going places, and alert music merchants who get aboard now will be "in the groove with the heavy money." You can make big, multiple profits with a Personal Music system every day. It is a sound music merchandising system.

1. Personal Music boxes are separate money makers; each box takes in money for you at the same time because customers at each table or booth pay for their own music.

2. Patrons like Personal Music because it's *personal* music. It is full toned, correctly amplified, personalized enjoyment—six minutes for a nickel. Their conversation is not overpowered by room-filling music.

3. Personal Music units do not interfere with customer service; they are only 6¼" high. They require no valuable floor space and allow plenty of space for customer service.

4. Personal Music boxes are easy to keep clean. They are sleekly designed in shiny, eye-catching chrome with no dust-catching gadgets.

5. Installation and maintenance are simple because the record player is in a central studio, and telephone wires transmit the music to locations, eliminating title strips and record changing at the locations.

6. Personal Music systems are scientifically designed and exactingly built . . . this is the only complete music system in which every part is as perfect as scientific sound experts have thus far built.

For information on this profitable, popular method of music sales, call or write us today.

Joe Munves Plans Many New Games

CHICAGO — It's a far cry since 1918 when Joe Munves was operating and collecting his pennies in a pail as he made his rounds in a horse and buggy. "Times certainly have changed," he reported this past week.

Munves recently bought out the Pioneer Coin Machine Company and started his own firm to be known as Munves Manufacturing Corporation. Temporarily located at 2634 North Laramie Avenue, Chicago, Munves Manufacturing Corporation will move in the early fall to its new large quarters at 158-164 East Grand Avenue, where the entire building will be occupied.

Several revolutionary ideas will be incorporated in the new games which Munves Manufacturing Corp. will make. Backed by the experience of Joe Munves of more than a quarter of a century in the business, new designs, new engineering and new merchandising ideas are promised.

Munves background of experience is well known in the industry. He has often loaned this experience and knowledge of the needs of distributors and operators toward progressive development. As an operator, he has assisted in the designing of hundreds of arcades, including the famous Mardi Gras arcade on Broadway. His book, "Profits In Pennies" went over big a few short years back.

Munves pledges that every new Munves game will be completely location-tested to satisfaction of operators before being distributed.

Large Appliance Firm Recognizes Cig Machine's Advtsg. Value

By BERT MERRILL

Special to The Cash Box

COLUMBIA, MO. — Claimed as the largest appliance store in Missouri, outside of Kansas City and St. Louis, the Missouri Home Appliance Company opened for business here recently.

Its owner, the Missouri Store Company, plans to enter the appliance field aggressively on the theory that "the fellow with the money who sticks to the field will make a go of appliance selling."

To get the new store's name before the public, the company is sponsoring a news broadcast over the local radio station, is buying newspaper space in local papers regularly, and has recently made arrangements with the local cigarette machine ops to have match folders stamped with the name "Missouri Home Appliance Company" accompany each pack of cigarettes bought from a machine. The cigarette vending arrangement covers every cigarette machine in Columbia for a period of four months.

Wisconsin Appeal Board Rules Forced Pinball Sale is Not Tax Exempt

MADISON, WIS. — Regardless of the fact that this state ruled pinballs to be illegal and therefore forced many ops to sell their games, the profits from which sales were invested in other businesses almost immediately, the Wisconsin Board of Tax Appeals has ruled that owners of gambling equipqment who were forced to sell because of the state's crackdown won't get any "financial windfalls" by claiming their sales profits exempt from taxation.

The board decided the issue in a case involving James Stecher of Milwaukee. The state has been attempting to collect $675 from Stecher on "additional income" which Stecher claimed was exempt from taxation.

Stecher sold his machines shortly after suit was started in the Milwaukee Circuit Court to have pinballs declared a public nuisance. The court later ordered him to sell the games or get them out of the state.

Stecher bought restaurants and property with the proceeds from the sale of his machines and claimed that the proceeds should be tax exempt because he had been "forced" to sell. He claimed his "liquidation" had been "involuntary conversion" of his assets. The board of tax appeals denied his claim.

The board noted, "argument appears to be rooted in the unfounded premise that the legislature intended to afford tax relief to owners of gambling devices who dispose of their property at a profit".

The board also reported, "If we accept the petitioners view . . . we would be required to conclude that one owning and disposing of slot machines at a gain and using the proceeds to acquire other property may qualify for exemption."

Bikini Atom Bombardier Called "Lemon Bar" by Crew

IS CHAMPION SLOT PLAYER

NEW YORK — One of the stories emanating since the dropping of the atomic bomb on Bikini is the fact that Major Harold E. Wood, bombardier on the flight that dropped the bomb, is reported by Major Woodrow P. Swancutt, pilot of the atomic bomber "Dave's Dream", to be called by the crew "lemon bar".

Here's the way Major Swancutt explains it, "Woody doesn't carry any good-luck piece. He used to have an old cigarette lighter but sent it to the factory for repairs. He's our champion slot machine player, though. We call him 'lemon bar'."

Which brings the pun to light as to whether the bomb dropped by Major Wood was also a "lemon"?

U. S. MAKES PINS PAY $100 TAX FOR PAY-OFF

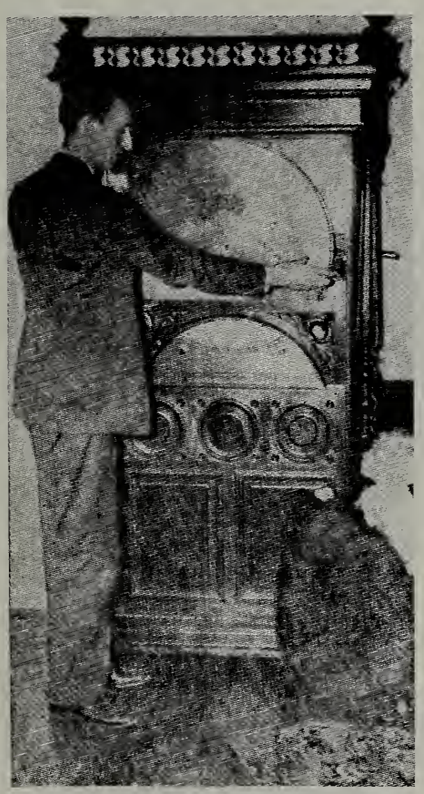
INDIANAPOLIS, IND.—Several operators of pinball machines here were forced to pay the $100 Federal gaming machine tax after Federal agents found the games paying off.

Visiting city spots, as undercover men, the Federal agents found several pinball operators were paying off on their machines. The operators were called in and were forced to purchase the $100 "gaming" license instead of the regular $10 "amusement" license.

In the meantime police immediately began scouring the city where these new Federal gaming licenses were issued, to check up on all machines.

The sheriff was also pulled into the check up and made a general appeal to the public to advise him wherever they come across such machines.

Old Regina Music Box



WINSTON-SALEM, N. C. — The above music box made by the Regina Music Box Co. of Chicago and patented Dec. 17, 1889, is still operating and the 40 selections of the 27 inch steel discs are still being used. Original price was an expensive $210 and the price of the discs $2 each. Each disc plays 1 minute and 50 seconds and one complete winding will let the machine play 20 minutes without stop. The machine is owned by Cecil H. Childress of this city.

TREASURY DEPT. CLAIMS CIG MACHINES USING UP PENNIES

WASHINGTON, D. C. — The Treasury Department reported this past week that cigaret machines and piggy banks were gobbling up all the pennies and the mints are working double shifts to make more.

It seems that the penny saving craze made trouble enough for the Treasury, but when the OPA raised the price of cigarets in vending machines all banks thruout the country began to call in for more and still more pennies.

In fact, one cigaret vending firm here is reported to be using a ton of pennies a day in the three cents change that goes into the packs of ciggies in their machines.

Lack of Freight Cars Holds Up Deliveries

CHICAGO — Coin machine firms thruout the midwest are complaining that deliveries of machines are being held up by lack of freight cars. In addition to these complaints is the statement by some of the coinmen that "Automobile manufacturers seem to be getting all the cars they need."

It is understood, of course, that many freight cars are being rushed to the wheat belt area at this time due to the fact that the bumper wheat crops are now being piled up on the ground for lack of freight transportation.

One manufacturer here complained that not only can he not get the 50 foot freight cars he needs for shipment of his machines but, when he does get them, there are no blocks in the cars.

This condition is expected to prevail well into the fall months and many of the coin machine factories are planning ways and means to circumvent this problem.

Warns Ops to Buy Federal Stamps Now

NEWPORT NEWS, VA. — Joseph D. Eggleston, Jr., deputy collector for internal revenue department, this area, sent out a press warning in the "Times-Herald", local newspaper here, that all coin machine operators had best get their stamps now, before August 1, to avoid paying any penalties.

He stated, "All establishments that have obtained stamps heretofore should obtain them before the end of July, while all new businesses with any devices indicated must obtain the license stamps the first month of business."

Reports Complaints on Coin Laundries

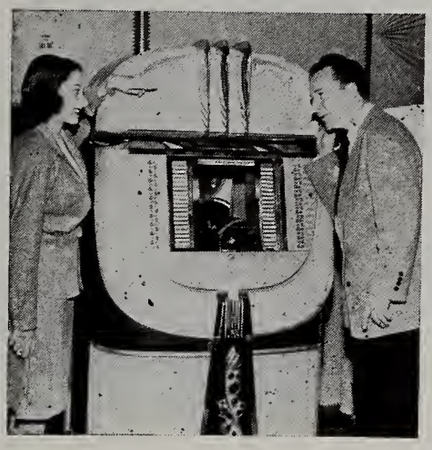
NEW YORK — H. A. Glasser, vice president of Colen-Gruhn Co., Inc., distributors for home appliances and records, reported to the press here this past week that they had received many complaints from individuals who had attempted in vain to purchase home laundries, only to see such units installed on a coin operated basis in their neighborhoods, and from dealers who maintained that they were the object of discrimination in such sales.

Wants Rival Candidates to Give Slot Stand

STEVENS POINT, WIS.—The "Journal", local newspaper, this city has asked that the candidates for the governorship of this state, "should have some words to say on the question and issue of the return of slot machines to Wisconsin."

This was also picked up for an editorial by the Oshkosh "Northwestern" paper and this paper also questioned the rival candidates as to their stand on whether slots would or would not return to this state.

Hear Their Record on AMI



NEW YORK — Frankie Lester and Nancy Reed of Hal McIntyre's orchestra listen to their latest Cosmo Record on the new AMI Model "A" phono. The McIntyre orchestra and both vocalists are now playing at the Meadowbrook in Cedar Grove, N. J. where they are getting a marvelous reception.

Reporter Writes About Color of Slot Stamps

OTTAWA, ILL. — C. C. Tisler, reporter for the "Republican-Times" of this city, writes to suggest that La Salle County, where the $100 tax went into effect on slots on July 1, make up a circular stamp for the machines featuring pea green and purple colors.

A very complete description of the circular sticker design is given with lots of irony attached to the suggestion.

He also suggests to the County Clerk that he need not yet issue the stamps to the ops here and thruout La Salle County until he has been so instructed by the county board.

In other words, this paper believes that perhaps some method can be found whereby no licenses will be issued for the machines leaving them hanging high and dry.

This is a long double column story devoted to the entire slot situation with much irony in it regarding players of the machines. In the meantime, licensing at $100 per machine went into effect in La Salle County

AMOA Set Date For Annual Banquet

AL. DENVER

NEW YORK—The Automatic Music Operators Association, this city, have set Saturday, October 5 as the date for this year's banquet.

As usual the affair will be held at the Waldorf-Astoria Hotel, Starlight Room, and the executives of the association are planning on a record attendance.

Al Denver, president, informs us that the committees have been chosen and they are beginning to work out the many details. Al claims that there will be more recording artists on hand to entertain the guests than in any previous year.

Barney Schlang, AMOA manager, is already calling on coinfirms for advertising in the annual banquet journal. He expects the 1946 issue to be bigger and better than ever.

Last year the entire Starlight Room was sold out many months prior to the date of the affair. A large number of out-of-town guests are again expected this October. These men are asked to arrange for tickets immediately.

AOLAC PRAISED BY CALIF. ORGANIZATIONS

LOS ANGELES — Samuel (Curley) Robinson of AOLAC (Associated Operators of Los Angeles County, Inc.) revealed a series of letters received this past month which praised AOLAC for its great charitable efforts.

There were also many more letters of thanks received but haven't as yet been released by AOLAC.

Hot Coffee and Soup Venders Attract Press

CEDAR RAPIDS, IA. — The "Gazette", local newspaper, this city, devoted almost two full columns of its June 23 issue to tell its readers all about the fact that very soon they will be able to put a nickel in a coin chute and obtain hot coffee and hot soup.

Most interesting is the comment regarding the hot coffee and soup venders which seemed to attract most interest here. Also in this item the frozen food vending machine idea as well as hosiery and other automatic selling angles are mentioned.

Coin changers, too, come in for their share of mention in this story and the writer states, "You will deposit a dime, for instance, and receive a five cent product and a nickel in return."

The writer also goes on to state, "Coin machines, well nurtured on pennies, nickels, dimes, quarters, halves and silver dollars, have become fixtures in vending, service, music and amusement fields."

Harry Poole Named Ad Mgr for Associated

HARRY POOLE

BOSTON, MASS. — Ed Ravreby, Associated Amusements, Inc. received a big response and approval of his new quarters located at 846 Commonwealth Ave. Telegrams, telephone calls and flowers arrived on opening day, July 1.

Ravreby's postwar plans include a separate advertising and promotion staff headed by Harry Poole. Poole is well known to the trade having been a news reporter for various cointrack magazines and has done a considerable amount of publicity work for distributors and associations. He will assist Henry Factoroff in the sales department and also do field work.

Plans for an extensive advertising campaign are in the making. Plans include use of the New England daily newspapers in addition to a broader use of the trade papers.

Ads will carry a general message so that the general public will become better acquainted with the operations of the industry. He feels that a productive public relations plan will help the operators in New England. By constant use of all the advertising mediums the public will become more familiar with coin machines, an added interest will be created, and when machines are seen on locations they will get faster approval.

Uses Own Coin to Play Her Records

HOLLYWOOD — Louanne Hogan, Musicraft Record Star and who is getting a build-up by 20th Century-Fox studios here, digs into her purse for her own coin to play her latest records, "Two Hearts Are Better Than One" and "The Right Romance", both tunes are from the picture "Centennial Summer", on the new AMI Model A phonograph.

Louanne believes that the juke box men thruout the country are going to like her new recordings and she is placing special emphasis on all her tunes to point them to the juke box trade.

With Musicraft also driving for the juke box business at this time, it seems that this tie-up is bound to work out to the complete advantage of the juke box men thruout the nation.

Walter Winchell Picks Capitol Disk

NEW YORK — Walter Winchell, the nation's best known columnist, and who has been picking them with amazing precision as far as hit records are concerned, this past week (Wednesday, July 10) reported that, "A Capitol disc, 'Riki-Jika-Jack', gives every hint of being a best selling platter."

Juke box men who have gone along with Winchell's choice reported that in almost every case he has picked them right.

BALLY RELEASES NEW CONSOLE

CHICAGO — First post-war Bally console, "Draw Bell," is now coming off the production line, according to announcement by George Jenkins, vice-president and general sales manager of Bally Manufacturing Co.

Describing the "Draw Bell" as a three-reel bell-fruit type console with a new hold-and-draw feature, Jenkins said, "It has all the flashy come-hither of the old familiar bell and cherry symbols, all the suspense of three spinning reels—plus a brand new feature whereby, if a player misses on the first spin, he can deposit a second coin, hold one or two reels and spin again to fill out a potential winning combination to an actual winner. For example, bars on the outside reels and a cherry in the middle. Who wouldn't play a second coin to hold the bars and spin the center reel again to try for a third bar and a big juicy jackpot? But the first line-up doesn't have to be that good to get plenty of second-spin coins. In fact, practically every non-winner has the "makings" of a winner and players can't resist a second spin.

Palastrant Postcards About Old Times

NEW YORK— Ben. D. Palastrant, eastern regional director for Aireon Mfg. Corp., Kansas City, Kans., postcarded to friends here the following message this past week: "Thing are really humming along at the Aireon factory here. Looks like old times. Am shipping two carloads to my eastern customers."

The card came from the Terrace Room of the Muehlenbach Hotel, Kansas City, Mo., which probably denotes that Ben is celebrating the big Aireon production schedule

Billy Rose Kicks Back at Juke Box I. Q.

NEW YORK — Billy Rose, famous mighty mite of show business, kicked back at those who claim "our I.Q. is pegged to the juke box" with a very fine and humorous ad which appeared in the newspapers here and was repeated free as an editorial by the newspaper PM.

Billy doesn't believe that getting in with the "fancy" folks is what made America great. His item is titled, "Pitching Horseshoes" and should be read by all coinmen.

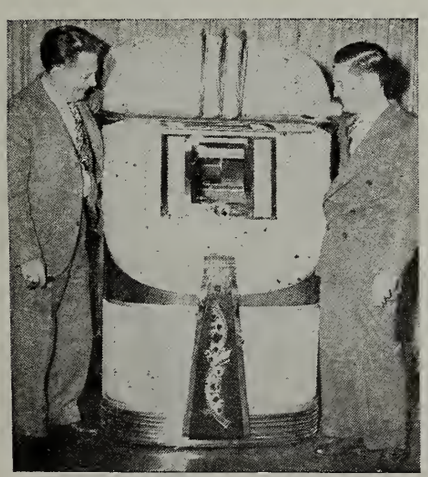
Max Marston Show Clicks Big



DETROIT, MICH.—Max Marston of the Marston Distributing Co., this city, reported this past week that his showing of the new AMI Model A phono at his headquarters in this city July 2 and 3 attracted a great number of Michigan's operators.

In the above picture, left to right: Harry J. White, Detroit music op is shown admiring the new phono with Max Marston on the right of the picture.

Marston reported, "Operators from all over this state called to see the new AMI in our showrooms here and they acclaimed it as one of the most outstanding phonos ever presented to the trade.

"We believe that this showing was one of the most attractive ever held. The operators are still talking about the machine and the orders we took assure the factory of the greatest distribution in its history in this state."

"Give Credit"

By SAMUEL (CURLEY) ROBINSON
Managing Director of AOLAC
Los Angeles, Calif.

Give credit where credit is due. Yes, and give it where it's not altogether due. If you have been part of a project that was brought to success by your own work and also by the work of others, don't be reluctant to pass the credit on. Submerge your own role, even though you feel the others had little, if anything, to do with the achievement.

For what is this thing "Credit"? If you claim it all for yourself, it is nothing and dies with you. If you pass it on, it is a magic substance that grows as you distribute it. Everybody feels strong and cooperative when given credit. And the giver becomes big in the eyes of the receiver.

The next time you ask people to work with you, they will give a much bigger part of themselves for your having given them the credit now. But if you grab all the credit, they will be reluctant to cooperate next time.

Human nature is eternally hungry for praise and recognition. The perfect food for this hunger is the credit, the written or spoken acknowledgement of service rendered. Give the credit, all of the credit, to the other fellow. It isn't easy! But try it, even though you inwardly rebel. After you practice it long enough, it will become second nature with you. You will feel a million times happier, more CREDITABLE with your own heart than you felt when you weren't passing the credit on.

Ohio Phono Ops to Resume "Hit Tune"

JACK COHEN

CLEVELAND, O. — Jack Cohen, president of the Phonograph Merchants Assn., this city, reports that plans are under way to once again resume their "Hit Tune of the Month" feature which appears in car cards, displays, title strips, publicity service and newspaper and radio.

August has been tentatively set as the first month for resumption of this plan which won much national comment for this organization.

Funds to cover the promotion of the tunes will come from an appropriation of 5c per phono being operated by the members of this association here.

Recording firms and distributors will be invited to participate in the promotion of their records by contributing to the campaign. All extra funds from this source, the association claims, will be used for newspaper advertising. "The more contributions received," they state, "the larger the advertising campaign."

The "Hit Tune" for the month of August will be selected thru Stanley Anderson, who conducts a radio column for the Cleveland Press, newspaper here. He will run the contest in his column thru July 5, 6 and 7, inviting the public to pick the hit tune from ten suggested numbers. The song getting the largest number of votes will then become the hit tune for August.

The hit tune will then get a complete advertising and publicity promotion by the association here to get the public to play the record on the juke boxes of the organization members in this city.

Art Rich Licenses New Records for Use in Coin Operated Phonos

GARVEY, CAL.—Art Rich of Rich Records, Inc., 2638 S. Gladys Ave., this city, has just announced production on a new label for the juke box business which will feature the following statement, "Licensed for use in coin operated phonographs and radio broadcasting."

This is the first such label which has yet appeared in the coin machine business. It will be extremely interesting to the trade to see how it reacts to this new record.

The average juke box operator has been asking for a label which would assure him that at no future date would he be liable to any suits by ASCAP, BMI or subject to any of the bills which have been introduced in the House of Representatives or the Senate. This label, especially licensed for the juke boxes, should cover this situation for the coin machine trade.

The new label will soon appear on the market with a complete new library of tunes which Rich has had recorded for him.

Juke box operators have long asked that a label be created which would assure them that they could play the record in "coin operated phonographs" and that they would not, in the future, be subject to any legal action, Rich reports.

He will go all out, he says, to give juke box ops the best music obtainable on these new records. He intends to make it his business to work up a series which will meet with the approval of the trade. Being very close to the juke box business, Art knows the problems of the operators and is intent on making things much easier for them from now on in.

He says that he is in "the midst of a reorganization program in which I am establishing another label licensed for use in coin operated phonographs."

New Type Amusement Console

MILWAUKEE, WIS.—Joseph E. Beck of this city will soon have ready for the coin machine trade a new type, "strictly amusement," console which has been pre-tested on locations here for over three weeks and has proved itself one of the most outstanding money-makers. It will be called, "Telequiz."

Clicks With New Rock-Ola Phono

JOE BRILLIANT

DETROIT, MICH.—Joe Brilliant of tse Brilliant Music Co., this city, Rock-Ola phono distribs, reports that the firm are clicking bigger than at any time in all their history with the new Rock-Ola Model 1422 phono.

Joe reported, "In all our years in the juke box business we have never yet seen operators go for any phono as they have for the new Rock-Ola Model 1422. It seems to me that this is the first phonograph which has clicked completely with everyone of the men in this territory.

"Whether it is a big spot," Joe continued, "or whether it is just a lunch wagon. In every case," he claims, "the Rock-Ola phono fits in perfectly. And, here's something to remember, once it gets into the spot — it stays put."

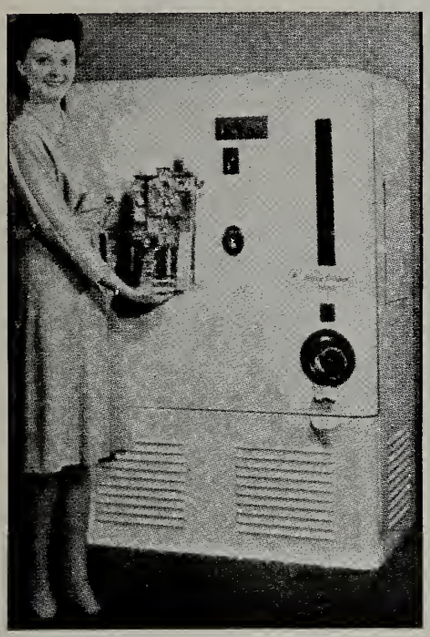
Bell Coin Changer on Drink Vender



BURLINGTON, VT. — Bell Aircraft Corp. in its ordnance plant here is now turning out coin changers which will be attached to various type venders. The above picture shows a Bell coin changer attached to a drink vending machine.

This changer will give the purchaser a drink and also make change for either a dime or a quarter. Bell officials maintain that their changer has exclusive features which will forestall the danger of patent infringement suits.

Panorams Click in Guatemala

GUATEMALA CITY, GUATEMALA —Down in this Latin-American country movies are going over with a big bang. In fact, according to reporters, in some theatres they are being changed twice each day and the natives are enjoying them tremendously.

Leonard Spinrad of The New York Times writes that Panoram machines are also proving very popular. He states, "Even the night clubs in Guatemala City share the national movie craze. If you go into Ciro's, which is in most respects a typical bistro with a floor show and a European clientele, you will see displayed as the dominant piece of furniture in the outer room an American 'Soundies' machines which plays three minutes of musical film when you put a coin in the slot."

NEWARK, N. J. — Public Safety Director Keenan reported this past week that parking meter receipts dropped $507.54 below May's high record. He attributed the drop in take to the fact that many people are away on their vacations.

THRU THE COIN CHUTE

CHICAGO CHATTER

The heat, humidity, the furniture show and a dozen other meets here combined to make this one of the toughest weeks for visitors that the Windy City has ever yet endured. Many coinmen who arrived here were stranded and if not for friends taking them to their homes and some actually having to go as far as Milwaukee, Wis. to get rooms—the boys would have had to sleep in Grant Park. Once again we warn all coinmen to be sure that they have rooms here before they come to town. It's getting tougher all the time. And—stay out of town from Aug. 16 to 20 because the American Legion state convention will be meeting at that time and already there are no rooms left in the city. There will be over 4,600 delegates (and there's only 3,000 rooms in this Loop of ours) and another 150,000 people will come in for the Legion meet. Take heed you guys and gals and don't say we didn't warn you.

Everytime some coinman visits over at Max Glass' place we get a phone call. And, without fail, each call tells us that "Watch Max Glass. He's got something that's so sensational—it'll create an entirely new era for this business." (Now, Max, what is it all about?) . . . Ben Coven was up in Lake Geneva spending a few days supervising the remodeling work on his summer home there. And, believe me you, this is one nice spot to spend the summer . . . We read in the paper that Senator Homer E. Capehart refused to buy a watermelon offered to him because the seller wanted $2.40 for it. The Senator reports, "I told him to eat it himself" . . . W. W. McBroom of Phoenix Distrib. Co., Phoeniz, Ariz. was in town this past week and looking over things here and there to see what could be seen—and especially what could be shipped to Phoenix quick . . . Donald Leebern of the Georgia Music Co., Columbus, Ga. was also in town this past week.

Davey Yaras of American Amusement Co. polished up his buggy, took along an extra pair of slacks, and drove thru to Tucson, Ariz. to see the wife and the two champs of his. And Davey will drive straight thru non-stop, as per usual . . . The eastern boys paid us a visit this week. Saw I. H. Rothstein of Banner Specialty Co., Philadelphia in town . . . Also saw Mr. and Mrs. Max Brown of Philly in town . . . Hymie Rosenberg was here looking to grab 100 Challenger phonos quick to ship right after his showing which comes on this week in N.Y.C. Al Simon was back in town again and looking to get himself some more machines . . . A. R. Kelso of Rock-Ola Mfg. Corp. just returned from his lodge in upper Michigan and looking swell . . . Bill Alberg and Charley Aronson of Brooklyn Amusement Machine Co., Brklyn, had a devil of a time trying to get themselves a room because of the furniture show.

Bert Davidson of Challenger still traveling around . . . A recent report from Baker Novelty Co. may indicate that this firm plans to re-enter the pin game and console field Baker recently purchased the tools, dies, fixtures, etc., used in the manufacture of step-up and free play units, relays, etc., for pin games and consoles from the G.M. Laboratories, Inc. along with exclusive rights to manufacture. Prior to the war G.M. were the largest suppliers of electrical units to pin game and console manufacturers . . . Saw these coinmen over at Empire Coin Mach. Exch. this past week: L. C. Smith of Burlington, Ia.; Ralph Crain of Kankakee, Ill.; Fred Greenbank of Illinois Novelty Co., Canton, Ill.; Geo. Watson of Latta, S. C. . . . Dave Bond of Trimount Coin Machine Co., Boston, Mass. was over at the Gottlieb plant this past week and very convincingly argued why all the August production of this big factory should be shipped to his place in Boston. (That would have really been an accomplishment, Dave, ole boy.)

The whole Gottlieb family got together for a grand reunion dinner at the Continental Hotel (Thurs., July 11) in honor of the three Gottlieb boys who returned safe and sound from the armed services. Alvin, son of Dave Gottlieb, just discharged from the Navy; Lt. Richard, son of Morrie Gottlieb of Dallas, Tex., just back from Europe where he served for two years with the 42nd (Rainbow) Division; and Lt. Jerry, son of Mannie Gottlieb of Universal Films, also just discharged. About 90 guests were present at the festivities . . . On or about August 5th, Harry Marcus & Co. will open new offices in Los Angeles, Cal. to further expedite parts and supplies to all of their customers on the West Coast. Further announcements regarding this move will soon be forthcoming . . . Something new has just been added over at Jimmy Johnson's Globe Distributing Co. It's got to do with with music. Just watch for the announcement . . . Joe Munves of Munves Mfg. Corp. in the process of moving his factory almost on top of the Loop. It's just a hop, skip and jump from the center of the Rialto district.

We hear that George Sax's eldest son is now happily married. Looks like George will soon be thinking of a "granpa" role. And George looks so young, too . . . Quite a gang of phone calls and wires deluged the Gottlieb offices when the firm announced their new machine, "Superliner", and what's more, we're told that it was on test for many weeks prior to being released . . . Genco is stepping up production on "Total Roll". Reports coming into the factory here are to the effect that the game is taking in more and more and still more money . . . The conversion of the Monarch Coin Machine Co. quarters is just about completed and it's really hard to believe that it's the same old place. Big showroom, displays and offices. All built perfectly for coin machine business . . . Over at Lou Koren's and Max Berenson's Illinois Dist. Corp. big things are now under way and most any day the news will bust wide open on the trade. It's a big surprise.

Ben Lutske, sales manager for Daval, had to postpone his N.Y.C. trip this week until Al. S. Douglis returned from Detroit. Demand for Daval's counter games is growing bigger every minute of the day, the firm reports . . . Al (Bell Products) Sebring just purchased a big building and the lot adjacent to it to get set for a speedy, big time manufacturing program for the Beacon Coin Changer and other coin operated equipment. The demand for the "Beacon" is growing bigger every day . . . Harry (American Amusement Co.) Brown is plenty busy these days helping out Joe Munves and showing him how to move all his factory over the new building . . . Al (World Wide Distrib.) Stern actually beaming all over as he looks at that beyooteeful display of those brand new Keeney Super Bonus Bells in his place . . . Nothing unusual to step into the Mills building to visit Vince Shay and the boys at Bell-O-Matic and see the gals working there wearning their coats—even tho the outside temperature is around 100 degrees—it's that nice and cool. And, brother, this is one place where you can really cool off.

Milt Salstone of M-S Distributing Co. who is clicking big in the record selling biz reports that this week (beginning Monday morning) when the big music show opens at the Palmer House, there will be everyone of the Cosmo record distribs present. Milt is going to be a busy boy entertaining all this gang. Harry Bank (well known to all the coinmen) and president of Cosmo Records, will have a suite at the Bismarck Hotel and is going to hold one big jamboree meet with all the firm's distribs. Sam Strahl, Barnet (Shugy) Sugerman, Sam Stern, and dozens of other Cosmo distribs are coming in for this show . . . The recording firms will have unusually attractive displays at the Palmer House and are all set to talk business with the juke box boys from all the country if they care to drop up and say "hello" . . . There's a big, "big deal", going to bust wide open in a few weeks that will make the nation's coinmen sit right up and pay pahlenty of attention.

Ruth Nussbaum and Dorothy Wolk, those attractive secretaries at the Automatic Music Operators Assn., vacationing.

Bert Lane, Atlantic Distributors, says the operators of New York City must get more money from their operations — whether it's 70%-30%, top money, or 10c per record. Bert claims the manufacturers should take a stand somewhere, and turn out equipment with 10c coin slots . . . The construction of Atlantic's new building only awaits the approval of the officials to get started . . . Murray Blane, Melody Music Co., Miami, Fla. in for a week or so with his missus to attend a wedding. Murray returns July 20, at which time Morris Marder will take a vacation. Affair to take place on July 21 at the Waldorf Astoria in the Jade and Basildon rooms.

CALIFORNIA CLIPPINGS

Stopped in to see Al Silberman, recently appointed General Manager of the M. S. Wolf Distributing Company, and found him completely entrenched in his very spacious offices. Al has acclimated himself to the warm, sunny clime. Bill Wolf will show the new AMI phono at the Westward Ho Hotel in Phoenix on July 17th and 18th . . . William E. Happel, Jr., of Badger Sales is still out on his pleasure jaunt, and is not expected home for at least two weeks. The new Badger Sales building on Pico is progressing quite rapidly and should be completed within thirty to forty-five days . . . According to all reports the reaction of the local ops to the new Gottlieb one ball, which has been on display at the headquarters of the AOLAC, has been terrific. Another that was placed on test location by a local op has proven a tremendous money-maker . . . Bud Parr of Solotone, now traveling through the South and East, is due back in town within a few days. THRU THE COIN CHUTE

ST. LOUIS

Welcomed back at Ideal Novelty this week was Phillip Szymarek, last of the long line of "Idealists" who wound up in service. Phil took his time about getting in—"and the Navy took its time about letting me out," he grinned. Phil will take over the shop . . . Visitors at W. B. Novelty Company during the torrid week past were Ted Keyes of Farmington, who hasn't been getting around St. Louis too much of late, and August Buescher of Buescher Wholesale Company.

Lou Morris, head of Missouri Amusement Association, is making circles on calendars for a proposed summer meeting of the group. High heat conditions will probably prevent it, however . . . Distributors are ranging far afield to buy phonographs in any quantity. Bob Ehrhardt down at Lee Novelty in Shreveport, Louisiana, fired in two Model 61 phonographs to Carl Trippe recently.

Condolences from St. Louis operators who knew Claude Clark, Hammond, La. op who was killed in an auto crash early this month, flowed in to Clark's family last week. He formerly spent part of each year in St. Louis . . . New phonographs went out this week to Hudson Houser Music Company in Centralia, Ill.; to Ed Lowry, op in Pittsfield, Illinois; Barney Neel, St. Louis, and Ted Keyes at Farmington, downstate. Most of the boxes were from six to eight weeks late, but needless to say, were met with open arms.

"Buzz" Magafan, Lemay, Mo., op, has capitalized on years of motorcycle riding to enter motorcycle racing professionally out at Walsh Stadium. He won $40 in a single night in June . . . Andy McCall of McCall Novelty Company installed a new phonograph in one of his top locations this week . . . Many visitors upstate at Ideal Novelty Company are the thing now—since cherubic Fluorine Smith joined forces with Art Paule, head of the salesboard department. Art thinks his new acquisition "tops"—and she'll eventually give him enough free time to get out on the road with his wares.

Airports, particularly civilian flying fields, are fine locations according to Barney Bernard of St. Charles, who has two phonos and a dozen pinballs in three sport flying airports. Play from aviators waiting around for airplanes is heavier than a good tavern spot, Barney reports . . . Arcade equipment is at peak demand everywhere chiefly because hot weather has brought everybody out into the amusement parks. There isn't a penny or nickel operated machine in St. Louis which isn't pulling in nickels or pennies at one of the five big parks . . . Bill Ross, formerly a pin game operator in University City, has elected to stay in the Army, where he's a pilot and a major to boot, brother Harry Ross of Ross Music Co. reports.

PITTSBURGH

Sam Strahl of American Coin-A-Matic is highly elated at operator approval of the AMI. Meanwhile, the record dept. reports hundreds of platters are going out hourly to music ops in Sam's territory.

Tri-State Autocoin Co. are patiently holding the line, but Joe Cohen says the long anticipated break is beginning to poke its head around the not so invisible corner.

Pittsburgh Coin Machine Exchange, according to Louis and Meyer Popkins, are delivering all types of new equipment and are rapidly fulfilling their ops' demands. The repair and service dept., consisting of Joe Hurcar, John Brossky, John Hlasnick and Clarence McDonald, have amazed the Popkins Bros. by keeping Frank Boni, their drayman, on the jump hauling coin machines from the railroad terminals.

Johnny Peters of Pittsburgh Amusement Co., about half way believes all the mfrs. are on an extended vacation or its nearest counterpart . . . Ben Long of Mulligan Dist. Co., is sailing along rather smoothly these days. Ben is still getting Aireons but can't keep 'em—somebody always wants one.

Sam Horvitz, the man in front of Acme Novelty Co., firmly believes that, the equipment log jam has definitely shown signs of disintegration. Sam qualifies his prophesy by paralelling inquiries and sales results with those of the not too distant past.

Larry Daurora has Schenley Vending Co. making slow but steady progress in the new location . . . Meyer Abelson of American Dist. has just returned to town and looks in the pink after a short out of town business sojourn . . . Joe McGlenn, who guides the destinies of McGlenn Dist. Co. came up smiling with this gem. "We're bobbing along making the best of a dribbling supply situation."

MINNEAPOLIS

Mr. and Mrs. C. T. Treever of Winona (Minn.) will vacation for a month in Denver (Colo.) . . . Mr. and Mrs. Ed Birkemeyer will run up to their cabin in the north for a rest. They're from Litchfield (Minn.) . . But aside from vacationers, there is some action hereabouts. James Mix of Longville is the owner of a new route, having bought out S. M. Robinson . . . Andy Benna of Ironwood (Mich.) came to town . . . Joe Engle arrived. He came in from Pine City with a raincoat, and all the boys wondered what he'd use it for. The weather has been absolutely and unpleasantly rainless for too long a spell.

Travel Notes: Reports have it that Chris Erickson of Pine City has arrived in Denmark; Max Moses of the Atlas Sales Co., located here, is vacationing in Bermuda . . . Out St. Cloud way, Lowrie Nelson has begun to operate music . . . They say Harry Harrison of Brainerd (Minn.) has bought himself a swell cafe at Sebeka. Possessed of a very large route in that territory, Harry can now have his meals on his own cuff.

Harry Galep from Menomonie (Wis.) came town. Says his lake home is the only place to be in this hot weather . . . Harry Klein of Sioux Falls (S.D.) is opping a ferris wheel at Arnold's Park (Ia.) . . . Mayflower Distributing Co. of St. Paul treated their employees to a long Fourth of July weekend, from Thurs. to Monday . . . Bush Distributing Co. did likewise.

Elias Atol has been named to distribute the new Challenger phono in this territory. Elias' brother, Mike Atol, heads the Zenith Sales Co. in Duluth (Minn.) . . . Clyde Newell is now with the E & B Corp., this city. The lad sure gets around . . . Jonas Bessler of the Hy-G Amusement Co., now vacationing in Winnepeg, Canada, will spend a week at Detroit Lakes before returning here . . . THIS IS WHY SOLOTONE PAYS OFF

This is how the revolutionary Solotone Music can double — or even treble your profits.

In each location, Solotone boxes are installed in the booths and along the counter. They are all wired into a hide-away unit, or studio office where the play can be announced, as shown on the sketches above. Each box costs 5c to play 6 minutes of low volume music. It can only be heard in its immediate vicinity — within the booth or in front of the box at the counter.

This means more take for you as all boxes can be playing at once — with each one earning its own revenue. Figure it another way. One Solotone box can take the place of an automatic phonograph. From then on, you multiply your profits with the *additional* Solotone boxes in each booth and along the counter. In other words, Solotone makes a top-take route out of each one of your locations.

But that's not all. Each Solotone box has dual coin chutes — for both nickels *and dimes*. Repeated tests have shown that the dime chute can increase profits (over a single nickel slot) as much as 30%. This is an exclusive Solotone feature.

Solotone is new — it's different — it multiplies profits. Get the full story today. Phone or wire us NOW for details.
